Standard Inlay

18% Tungsten High Speed Steel (HSS)

High Carbon, High Chrome (HC,HC)

Tungsten Carbide (TCT)

The most resilient non-abrasive and self healing  
cutting sticks in the world. Durable and cost  
effective. Guaranteed to fit.

Available in every size for every cutter.

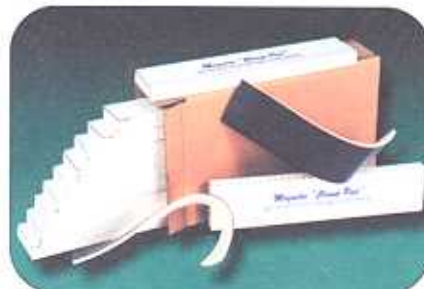

## Jogger Block

Durable Kimoplastic™ construction  
coupled with an aggressive magnetic  
base insures clean and precise jogging  
and alignment of stock.

3", 4", 5", 6" Tall by various lengths

Made in the USA

## Clamp Pad

Protects carbon paper, NCR and other  
stock from clamp pressure damage. A  
heavy-duty cushion pad laminated to a  
rubberized magnetic strip.

3" wide x 15" long 2 pads/pkg

Made in the USA

## Knife Guard

Engineered and manufactured from a  
high impact polymer which means  
safety and security to machine  
operators and your valuable blades.

*\*Essential on 3-knife trimmers*

Made in the USA
